:: Waltz this way

In order to perfectly enjoy the unique taste and beauty of Stella Artois, we created the Chalice, instead of merely a glass. The Chalice is designed so that every curve serves a discrete purpose to how Stella Artois should be enjoyed.

The authentic shape of the body encourages the perfect balance of C02 and liquid, enhancing head retention and flavor. The angles at the bottom cause a wave that works in harmony with the liquid alchemy. The stem provides a means to hold the chalice so that the Stella Artois stays cold longer and it's embellished with a star to honor our history.
